DRESSERS IN THE CITY VISITS HOME SHOW

BY LAURA NORBURY

Vancouver has been overrun with bears, cows and eagles; now Fashion High is getting in on the action with the Dressers in the City campaign. They have been decorated by our members, feature the fashion high and VH+IDS logo and the drawers are filled with fashion high buttons and our members' business cards. Last Monday, they collectively appeared in front of the Vancouver Art Gallery, gathering plenty of attention from passersby.

Fashion High will present and auction off the dressers to raise funds for Fashion High. "Being at the Vancouver Home + Interior Design Show will allow us to be able to reach a larger audience and create awareness," explains Sarah Murray, Founder of Fashion High.

"The Dressers in the City campaign is

a great way for our members to promote themselves and local fashion." Participating dresser decorators include: Twigg&Hottie (www.twiggandhottie.com), Maha Devi (www.mahadevidesign.com), Portobello West (www.portobellowest.com) and Next Door Style (www.nextdoorstyle.com).

Fashion High believes this fun campaign is a great way to expose the masses to the talented local fashion community, and we encourage you to come down to see them at the show, which runs Oct. 15 to 18 at BC Place Stadium.
